TITLE: METHOD FOR GENE ISOLATION)	
BY CRE-TRAP CLONING)	

STATUS INQUIRY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The above-identified application was filed August 19, 2003, with the Ser. No. 10/643,508 indicated on the postcard receipt. Although this is about ten (10) months ago, the official Filing Receipt has not yet been received by the undersigned attorney of record.

When an attempt was made to determine the status of this application through the PTO's PAIR system, the response was that "the entered application number 10/643,508 is not available."

However, the 18-month date from the priority application expired in February 2004 and the corresponding PCT application number WO 2004/020630 A2 was published March 11, 2004.

Accordingly, the undersigned attorney of record desires to determine the status of this application and to receive an official Filing Receipt. A duplicate copy of this paper is enclosed herewith.

Respectfully submitted,

Scott J. Meyer
Registration No. 25,275
Telephone: 314-446-7639
Fax: 314-446-7601
